December 7, 2006

Dear Captain Ron Short,

I would like to take this opportunity to commend you for a great fire drill training day you organized with the North Monterey County Fire Department and MBARI crew. Your efforts to improve the fire fighting and rescue skills of the POINT SUR crew will only improve their ability to react as a team in case they are called upon to fight a real fire or rescue a real injured person while at sea. Incorporating the local Fire Department in these drills is a good way for our crew to learn from the professionals, especially during drill debriefings.

I encourage you to continue doing more drills similar to this one in the future.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard Muller', with a long horizontal flourish extending to the right.

Richard Muller
Marine Superintendent
